

# HOT OPPORTUNITY – HOME INSPECTION

JUNE 2013 BUYER'S GUIDE

Tampa, Florida franchisee Hank Lobdell is very happy with his decision to join A Buyer's Choice Home Inspections.

## HOME INSPECTION A Hot Career Opportunity

"My experience of owning A Buyer's Choice Home Inspections franchise has been one of the most personally and financially rewarding experiences. I have met amazing people, and helped my clients make better informed decisions about their home purchase. A Buyer's Choice Home Inspections franchise has a proven plan, and the support to make all the difference in helping your business succeed."

*Money Magazine* ranks the home inspection industry one of North America's 50 hottest career opportunities. In today's real estate market, more than 95 percent of real estate transactions require a professional home inspection.

Lenders and insurance companies are increasing their requirements for a professional home inspection done by a government-licensed home inspector prior to putting a mortgage on a house or insuring it. Realtors are continuing to demand excellence from home inspectors to provide assistance to them and to provide

comfort and peace of mind to their home buyers and sellers.

A franchise opportunity with A Buyer's Choice Home Inspections, rapidly expanding across the United States, offers you the chance to change your career, own your own business and be your own boss without re-inventing the wheel.

A Buyer's Choice Home Inspections franchise opportunity gives you a chance to fulfill your dreams of self employment, job security and financial gain that come with a proven method, without the high risk and uncertainty that plagues the traditional business marketplace.

With expert training and ongoing support from the A Buyer's Choice management team, success is yours to achieve with one of the world's

fastest growing home inspection companies.

The franchise offers:

- A successful business model
- Proven marketing system and products
- Ongoing training and support leading to full national certification
- Association and synergy with other franchise owners on the team
- Low start-up costs
- Home-based business which means very little overhead
- An opportunity to make a real lifestyle change

With more than 190 franchises worldwide, the company is looking for business-minded men and women for expansion across the United States and around the world.

" A Buyer's Choice Home Inspections franchise has a proven plan, and the support to make all the difference in helping your business succeed. "
