

## Home inspections

Helping keep his neighbours safe and sound in their home has become a passion for Nanaimo's **Dan Allarie**.

The long-time electrician who has an interprovincial Red Seal endorsement has decided to use his wide range of experience to open a branch of **A Buyer's Choice Home Inspections** in Nanaimo, which also serves Ladysmith and Lantzville.

To meet the need for home inspections in the region, Allarie is bringing ABCHI's collection of proven processes and systems to bear in his new business.

"My aim is to make home inspections as transparent and understandable as possible for

homebuyers of all ages and backgrounds," he said. "Knowing our clients' needs and concerns and then providing thorough inspections and comprehensive reports will usher in peace of mind to many homebuyers in the area. I'm very excited to bring ABCHI here."
