Greeley resident opens home inspection business

A Buyer's Choice Home Inspections, a national home inspection business, has opened its northern Colorado office in Greeley.

Resident Steven Howland launches ABCHI's operations along with the support of the company's home office in Pompano Beach, Fla.

ABCHI is the largest Canadian home inspection business and is poised to become the largest in the world by 2015, with an aggressive U.S. franchise growth strategy, according to a news release.

Howland served eight years in the U.S. Navy as an air traffic controller, worked as a maintenance machinist in the printing industry for 18 years and has also managed properties for the past 20 years. Bill Redfern, founder, president and CEO of ABCHI, began the home inspection company in 2005, after more than a decade as a successful real estate broker.
